# Race 1 Friday June 13 2014

Well here we go again our sailing season has started so to have a warm and sunny friday night would have been great but with it being Friday the 13th and a full moon I wasn't going to complain (next time that will occur is in 2049) We had 16 boats come out with winds holding steady at 17 knots with gusts of 22. To say we are serious about sailing the next paragraph says it all.

This year we had one new/old sailor who crossed over from the dark side of the force to become a real sailor he sold his power boat and bought Shadow Dance and a temporary solution for race night for the Robinson's was to buy a Catalina 27, and the Hesser's solution for there Bayfield was to get an Ontario 32. Oh and I almost forgot the Lochheads got all new sails and to boot a furling system. As you can see by the above picture everybody got off to an excellent start.

After the race we all gathered around the club house deck shared some tall tales and had some good food and watched the moon rise albeit by that point we had all moved into the clubhouse as the temperature had drop like we where in November.

Just a friendly reminder that these races are suppose to be fun and entertaining so no barging on the start line and watch out for other boats at the race marks as we all magically converge on them.

Thanks to the race committee with out them there would be no races, and thanks to Marisa for all those delicious snacks.
