### Race 3 Friday June 27 2014

We almost didn't race again this Friday but in the last minute the wind gods decided to be kind and gave us a breath of wind.....7 knots, with that 13 boats started and the race was a foot. Anonymous was gracious at the start and gave buoy room to Lorna Doone after all this is fun racing. I must say that as a group the starts have become very good as the whole fleet cross's within minutes with no stragglers left behind.

The winds picked up to exciting 8 knots with slight shifts along the course. After the race finished the wind picked up even more making it even harder to come in. All in all it was a good evening to be out on the water.

After the race we all gathered around the club house deck shared some tall tales and had some good food and at least this time the temperature was warmer so we could sit outside.

Thanks to the race committee with out them there would be no races, and thanks to Marisa for all those delicious snacks.
