Race 10 Friday August 15 2014

What can I say but wind wind and more wind 20 knots peaking at 25 knots first boat crossing in a record time of 36 minutes. The flag went down and as the expression goes the fleet was gone. The average speed on the course was 7 knots with some interesting rounding up and yes a couple of 360s too. One boat even put the coaming under and got some water in the cockpit.

Sultana III was the happiest as finally there was some serious wind on the the hand Lorna Doone had to do everything to keep from broaching. Carloway Toby and Cozumel where happy when Anonymous took to burying her deck due to a phone call thus leading to three 360s moral don't talk on the phone while sailing.

Afterwards when everybody had gathered on the poop deck we celebrated Marisa's birthday and as she said she's 39 and getting younger.

Again thanks to Marisa and her helpers for putting out such a fine spread and thank-you from Marisa for the surprise birthday cake she greatly appreciated it.
